On April 15th 2015 you will see a new TAB on appear on this very website labeled "24 Hour Code Holder" We are giving you exclusive rights to use the park as your very own private facility 24 Hours a day / 365 Days per Year!

We are proud to announce that The Indoor Park here in Fort Wayne, Indiana will now offer unparalleled 24 hour access. This allows for the "Power User" to ride the park whenever he or she seems fit to ride the indoor park!

We at the Indoor are always looking for ways to stand apart from the "NORM" and this is one more example of how thinking outside of the box can benefit you as a rider!

Originally the idea came from a position as the owners of a skatepark, we have the availability to ride the place WHENEVER we want. After a bit a research and a couple of phone calls to [Dustin Grice](#), part owner of "[The Factory 24 Hour Action Sports Facility](#)" we decided to make it a go! Thanks once again to [Dustin](#) for being a cool dude and also for all he does for the sports.
